THE REVIVAL

Meetings to Begin Next Sunday at Louisa

Will be Non-Sectarian and Will Have Only the Needs of Louisa at Heart.

All arrangements are being perfected for the union revival meetings which are to begin at the court house in Louisa on next Sunday morning. Rev. Walt Holcomb and wife and the singer, Mr. Ragsdale, will arrive here Saturday.

With slight exception the people of the various churches are joining heartily in the effort. Those who are taking the most active part in the preparations request us to emphasize the fact that this is to be a meeting solely for the benefit of the town and not for any particular church or churches. Sectarianism is not to enter into the meeting in any degree whatever. Everybody who is willing to join in the work in this broad spirit is invited and urged to do so. This appeal is to all who want to see the redemption of the unsaved people of Louisa.

The court room will be provided with all the extra seating facilities that it will accommodate. Two services will be held each day, one beginning at 9:30 a. m., and the other at about 6:30 p. m. As large a choir as can be made up from local talent will be used.

The people generally are looking forward with much interest to this meeting and expecting great results. Rev. Holcomb is an earnest, enthusiastic preacher and is accomplishing a great deal of good wherever he goes. It is hoped and believed that the Louisa meeting will be no exception.

Jake Patrick Allowed \$1200.

The House Claims Committee favorably reported the bill of Representative Langley, providing for the payment of \$1,200 to Jake Patrick, of Salyersville. A few minutes after the report of the bill Representative Langley learned that Patrick had died several days ago at Lawrenceburg, Ky. The coincidence was especially commented upon, owing to the similarity of the case with that of Capt. John H. McBrayer, of Anderson county, Ky., distiller, who died on Friday, the same day Representative Johnson secured the passage of a bill relieving him of the payment of \$20,000.

Patrick, in whose behalf Representative Langley's bill was favorably reported, was an internal revenue employee. Two years ago he was injured by being thrown from a horse in line of duty and the circumstances were such as to justify the committee in allowing him a year's salary. His mother, the widow of the late Capt. Reuben Patrick, survives him and Mr. Langley will seek to have her made the beneficiary.

PIKE COUNTY KILLING.

John M. Hopkins Fatally Shot by Chas. England.

Pikeville, Ky., March 8.—Late yesterday afternoon, at Shelbyana, John Morgan Hopkins, a most prominent citizen, was shot twice and fatally wounded by Charles England, as the result of a grudge. England accused Hopkins of cutting a rope which loosened a boom belonging to the former in some of the waterways, and indicted Hopkins for same at the last term of the Circuit Court. This is what the trouble led to the shooting arose over. The officers were telephoned for to this place, and Deputy Sheriff Grant Phillips and F. C. Scott went to the scene last night and brought England in. England was, however, getting ready to come to Pikeville to surrender, and is now being held under guard awaiting his examining trial, which is likely to prove quite sensational. We learn that Hopkins died this morning.—Ashland Independent.

Quarterly Meeting Saturday Evening

Rev. B. F. Gosling, P. E., will hold the regular quarterly meeting services at the M. E. Church South on Saturday evening of this week. He will preach at the usual hour for evening services. This will take the place of the quarterly meeting usually held on Sunday, the change being made because the revival services are to begin on next Sunday morning. The people are urged to come out to the meeting on Saturday night. Quarterly conference will be held at the close of the regular services.

In Memory of Ulrich Miller.

I would like to ask permission to say something in your columns about the life and death of our esteemed friend Ulrich Miller, whom I knew for many years. That sainted old German settled on the head of Bear Creek near the close of the Civil War. The land there was considered poor, rough and almost worthless. But that good Christian man, aided by his family of industrious, honorable, temperate members, cleaned up those rough lands and put them in grass, turning them into profitable fields. They planted orchards and erected comfortable dwellings and lived on the fat of the land. The fact is, God seemed to bless this man in his home and out of his home. He blessed him with a noble family of children that revered the father and mother. We think these good old people in family reverence occupied very much the same relation as did old father Abraham and Sarah. All this was due to a careful religious training. Ulrich Miller was a true Christian, a man of no uncertain sound. His faith was strong and he let his light shine. No one who knew him could help being attracted by him, although he was a plain, unassuming man. He was not only a Christian on Sunday, but on every day. Words fail us in attempting to describe the virtues of this noble man. Only the judgment will reveal his greatness. The community, the church, and his family have sustained an irreparable loss, but his influence will live to bless this people for years to come.

Date of Circuit Court in Doubt.

There is some doubt as to the time the April term of the Lawrence Circuit Court will be held. The regular date is the 4th Monday in next month, but a bill to change the time to the second Monday before the Legislature and will probably pass, but its passage is not certain, and the clerk of the court is in a quandary, not knowing exactly what to do. In any event the existing uncertainty is almost sure to cause some disturbance of the proceedings.

THE FIRST DEED

Ever Recorded in Lawrence County is Copied Herewith.

The first deed or conveyance of land ever recorded in the county of Lawrence was made by Richard Chambers to Jarrett See. It was made on the 25th day of March, 1822, eighty-eight years ago. It is quaint in its phraseology, and is presented to the readers of the NEWS verbatim, copied from page 1, Deed Book "A", Lawrence County Court:

"This indenture made and entered into by this, the 25 day of March, in the year of our Lord one thousand eight hundred and twenty-two, between Richard Chambers, of Lawrence county and State of Kentucky, of the one part and Jarrett See, of the same county and state aforesaid, of the other part; Witnesseth, that the said Richard Chambers on his part hath this day, for and in consideration of the sum of fifty dollars, good and lawful money of Kentucky, to him in hand paid by the said Jarrett See before the enrolling and delivery of these presents, the receipt whereof is hereby acknowledged, given granted bargained sold conveyed and delivered unto said Jarrett See a certain tract or parcel of land situated lying and being in the county of Lawrence and State of Kentucky and bounded as follows, to-wit:

"Beginning at David Jarrett's line at the mouth of Rockcastle Creek, thence up said Rockcastle Creek with the meanders to a drain opposite to where John Cox now lives, thence up said drain following the right hand fork to the line of creek land that said Chambers bought of Thomas Price and with said Price land to David Jarrett's and thence with said Jarrett's line to place of beginning, more or less, to have and hold unto the said Jarrett See and his heirs forever free from the claim or claims of all and every person or persons whatever, shall, will and do forever warrant and defend title to the said Jarrett See and his heirs and all singular the foregoing premises.

"In testimony whereof I have hereunto set my hand and seal this date above written.

"RICHARD CHAMBERS." The deed was acknowledged before the County Clerk, Joseph R. Ward, whose certificate is about the same as is now used.

The Virginia a Total Loss.

The river packet Virginia, which stranded during the high water at Willow Grove, W. Va., forty miles above Gallipolis, has broken in two and will be a complete loss.

The steamer went into a cornfield during a heavy fog, and when the waters receded was left high and dry. The boat was owned by the Pittsburgh and Cincinnati Packet Company and was valued at \$40,000.

Burial of Mrs. B. P. Cassidy.

Mrs. Ben Cassidy, whose long and painful illness has been referred to in the NEWS, died in the hospital at Salt Lick, Rowan county, on Wednesday night last. The body was brought to Louisa for interment, Mrs. Cassidy having been at one time a resident of this city, and having on her sick bed expressed a wish that she be buried here. Accompanied by her husband and three brothers, Messrs. C. R. Horton, of Mt. Sterling, and I. N. Wolfe county, the body arrived here on Thursday night and was taken to the residence of W. M. Justice.

At one o'clock on Friday afternoon the remains were carried to the M. E. Church South where the solemn services for the dead were conducted by the pastor, the Rev. W. L. Reid, who also spoke briefly and fittingly, touching the occasion which had brought out the large assemblage. When Mr. Reid had finished the Rev. H. B. Hewlett, who had been the pastor of Mrs. Cassidy when she lived in Inez, spoke in high terms of the life and character of her who lay in the casket before him. At the conclusion of the church services the body was taken to Miss Hill cemetery and there interred.

Mrs. Cassidy lived in Louisa several years ago and was much liked by all who knew her. She was a quiet, unassuming woman, of high christian character and many virtues. Even at that time she suffered much with a complication of diseases, but was always cheerful, ready to help those who were in need of aid. Mrs. Cassidy lived in Olive Hill the last few years of her earthly pilgrimage, and from there she was taken to the hospital where she died. Her death was a happy release from much suffering, and was the triumph of those who fight the good fight of faith.

Mrs. Cassidy was born near Mt. Sterling, Ky., and lived but a few days of being 44 years of age. She left no children.

Another Big Deal for Mayo.

The following news item from Frankfort is going the rounds of the press:

Frankfort, Ky., March 7.—One of the largest deals in Eastern Kentucky coal lands reported in some time has just been closed by John C. C. Mayo, the Eastern Kentucky millionaire. Mr. Mayo disposed of a tract or rich coal fields lying adjacent to a railroad, which Eastern capitalists are building through the territory for the neat sum of \$1,300,000. The price was handed to Mr. Mayo in one fat check, according to information received here.

The work of developing the field will be rushed by the new owners. What makes it particularly nice for Mr. Mayo is the fact that he owns thousands of acres of coal land equally as fine on the other side of the railroad which is being built, and all of the improvements and development done by the new owners of the field will make Mr. Mayo's other holdings just that much more valuable.

Serious Accident Near Fort Gay.

A very painful and serious accident caused by the bursting of an emery wheel occurred near Fort Gay on last Saturday. It happened in the mill of William Pymale, on Queen's Creek, a tributary of Big Hurricane, and the sufferer is Anthony Pymale, William's son. He was sharpening a tool on the wheel when without warning it burst into many pieces, one of which struck young Pymale in the face, inflicting a horrible wound. The bone over the right eye, the right side of the nose and the right upper jawbone, are badly broken and the flesh covering them is very much torn. Several pieces of the cheek bone had to be removed before the ghastly wound could be finally closed and dressed. Dr. A. W. Bromley, of this place, was called and he rendered the necessary aid.

Charged With Arson.

Charged with arson in the burning of his own store, Massey Curtis, a Huntington merchant, and Isaac Gillespie are prisoners in the jail, having been held without bail at a preliminary hearing.

Curtis is said to have confessed that he paid Gillespie \$50 to set fire to the building, thus corroborating a previous confession made by Gillespie. Inasmuch as the building was also occupied by a family the penalty in the case may be death.

Fine Hogs Shipped Here.

Prof. J. B. McClure has received from a well known breeder in Wisconsin two fine Poland China pigs, with full grown and vigorous pedigrees entitling them to be "registered." They will be kept on his farm near Louisa. Good stock is what our farmers need for profitable production.

Lizzie, the 7-year-old daughter of Mr. and Mrs. W. M. Cavern, of Adeline, died a few days ago after a brief illness caused by pneumonia. She was buried at Buchanan. She was a niece of Mrs. John Stump, of Louisa.

STEAMER SUNK.

Geraldine on the Bottom of Big Sandy.

Towboat Struck a Raft Just Below Louisa and Punctured Her Hull.

The steamer Geraldine sank at this place last Sunday shortly after noon. She had been up Tug and was returning to the mouth of the Big Sandy when the accident occurred. The river was very high and full of timber rafts, and on account of back water from the Ohio there was scarcely any current. In going through the dam the stern of the boat "side swiped" one of the rafts, which tore a big hole in the side of the boat near the stern. She immediately began to fill and was headed for the Kentucky shore. She reached land just in front of J. Q. Lackey's when she went to the bottom where she now lies, her bow high on the shore.

The extent of the damage cannot be ascertained until the river falls considerably. She had neither freight nor passengers when the accident happened, and the crew were unhurt, no damage more than a wetting following the mishap. It is said that the man at the wheel when the boat hit the raft was under the influence of whiskey at the time.

The Geraldine is owned by Dr. J. M. York, of Huntington, and was valued at \$6,000. It is said that she was insured for \$3,000. She was 132 feet long, with a tonnage of about 75 tons. She was a stern wheeler, used principally for towing. Sunday was a beautiful day, and it is estimated that at least five hundred people visited the scene of the wreck.

Death of Mrs. J. R. Dean.

Mrs. Dean, the widow of Judge J. R. Dean, died at her old home on Big Blaine last Sunday night after a long and painful illness caused by a complication of diseases and the usual infirmities of advanced age. Mrs. Dean was 86 years old. Surviving her are two children by a former marriage, Scott Grubb and Mrs. James Allison; Dr. L. B. Dean, of Whites Creek; W. Va.; Stunt Denn, Mrs. Mart Hays, Robert Dean, Mrs. John Graham, of Lewis county, Mrs. James Barrett and Gus Dean, of Ohio.

Mrs. Dean's name was Walters, she being a daughter of Robert Walters, in his day one of the most prominent men of the Blaine country. She was a most excellent woman, a faithful wife, an affectionate mother, a good neighbor, a consistent christian and a friend of the poor and distressed. The memory of this venerable woman will long be held in reverence by all who knew her, and by those to whom she had so often ministered with kindly hands she will be held in grateful recollection.

Mrs. Dean was buried on Tuesday in the graveyard overlooking the home over which she had so long presided, loved and respected by all.

Negroes Notified to Leave.

Concerning the alleged danger of a war between the races at Pikeville, which was announced in press dispatches sent out from that town the latter part of last week, a gentleman from that section stated yesterday that all danger at present seemed to have passed by, but that it would be difficult to predict what the future might bring forth. He said that there had been a very strong feeling stirred up among the white people over the attempt of the negro to murder attorney Cecil, but the white people had wisely decided to act deliberately and take no immediate action. However, he stated that notice had been served on the colored people of the town to the effect that they should move out within sixty days, or there would be some trouble. The gentleman who claimed to be in a position to judge of the nature of the case said that should the colored people fail to act upon the notice given them there would be some serious trouble, unless there should be a decided change of sentiment before the sixty days time expired.—Cattletsburg Tribune.

Mrs. A. M. Campbell's Bridge.

A very pleasant function was the bridge party given on last Monday afternoon. The maselines were conspicuous because of their absence, but this was their decided loss. Mrs. Campbell always gracious and attractive, was never more so than on this occasion. The visiting ladies were Mrs. M. G. Watson, of Huntington, and her guest, Miss Laura Hazleton, and Mrs. J. C. Thomas.

Mont Goble Seriously Ill.

The following from the Cincinnati Enquirer of recent date will be read with interest and regret by the many Louisa friends and relatives of Mr. Goble. He is a native Louisan and related to many of our citizens:

"Monte J. Goble, cashier of the Fifth-Third National Bank, is desperately ill at his home on North Crescent avenue, in Avondale, suffering from an abscess of the head. Two operations have been performed by Drs. Pauly, Holmes and Samuel Allen and the physicians will today determine whether or not a third operation will be necessary. "Mr. Goble has been at home ill for a week, an attack of grip first taking him there. Later the trouble in the head developed. This the physicians first thought could be handled easily but the knife revealed that the abscess was more serious than first diagnosed.

"Mr. Goble has been in the local banking district for about ten years coming here from Eastern Kentucky. About a year ago he married Miss Bradley, of Avondale, the wedding being one of the notable social events of the season."

New Engineer Takes Charge.

Captain John C. Oakes, Corps of Engineers, U. S. A., arrived in the city yesterday morning and at once assumed charge of the Second Cincinnati District, which includes the works and improvements on the Big Sandy, Muskingum and Kentucky rivers. He succeeds Col. James G. Warren, who for several years has had charge of the Ohio river and its tributaries.

However, the latter have always been in a separate branch of the district, but after the promotion of Col. W. J. Russell, Col. Warren was placed in charge of both. Captain Oakes has been in charge of the harbor work at Galveston, Tex., for more than three years past. He is a native of New York City, and graduated from West Point in 1897, so that it can be seen his rise has been rapid. He ranked as among the ablest of the younger members of the corps of army engineers.—Enquirer.

WM. CUMMINGS DEAD.

His Life Ends Soon After Reaching Florida.

Mr. William Cummings, whose critical illness at Jacksonville, Fla., was noted in the NEWS last week, died in that city some time last Thursday. Upon the reception of the news J. C. Adams, of Cattletsburg, a brother-in-law of the deceased, left for Florida, arriving in Ashland with the remains Tuesday morning. The burial occurred in the Ashland cemetery, the services being conducted by the Rev. Dr. Condit, of the Presbyterian Church, in the presence of a large concourse of people. Among the relatives attending the last rites were Mr. and Mrs. J. C. Adams and daughter, of Cattletsburg; L. T. McClure and wife, and son, of Delaware, O.; E. E. Shannon and wife, Earl McClure and wife and Arch. McClure and Mr. and Mrs. John Cummings, of Louisa. Three of Mr. Cummings' children were also in attendance.

Mr. Cummings was born in Cincinnati and was 59 years old. For many years he lived at Old Pearl Orchard, this county, where his parents, William Cummings and wife lived and where the remaining brothers and sisters were born. He was an active contractor, engaging in business until ill health demanded a stop. He had not been entirely well for several years, but he kept going as long as possible. He was in the South in search of health when the fatal seizure came. He left five children.

A Delightful Affair.

That is what the favored ones call the party given by Mr. and Mrs. A. M. Hughes at their beautiful home on last Tuesday evening. Whist—the dear old delightful sort devoid of pretty speeches and devoid of "doubling" and "bridging"—with flinch who preferred the thrilling features of that pastime, entertained twenty people until quite late—or early—four. Toothsome cake, a delicious ice, and fragrant coffee satisfied the palate. Mr. and Mrs. J. C. Thomas and the Misses Hazleton were the visitor-guests.

March 17th.

"St. Patrick was a decent man and came from decent people," runs the old song, but it's dollars to doughnuts that the weather next Thursday will be anything but "decent." The anniversary of the birth of Ireland's patron saint is usually a stormy day, but March this year is behaving so unusually well that the weather for this occasion may be pleasant.

By the by, what has become of the groundhog cranks? There were but fifteen cold days in February, and so far none in March. Forty-two cold days were promised by the prophets, but they are going to be "ahy": a good many.

Narrow Escape From Robbery.

"The deliberate robbery of S. W. Walters, one of the most prominent merchants of Prestonsburg, Ky., was prevented here last night by a well known citizen, who became wise to the contemplated crime through the overheard conversation of a Cattletsburg negro, Guy Scott, who had the old man in tow," says the Huntington Herald-Dispatch. "The two came here from Cattletsburg on an early car and were en route the negro kept his arm around the old man in a disgustingly familiar manner, telling him he was an 'honest nigger', and he needn't fear losing any money, and that as soon as Huntington was reached he could get 'that thousand dollar check cashed,' and they would have some fun."

"When they reached Ninth street they got off, the negro almost forcing Walters to leave the car. They walked down Ninth street to the alley near Third Avenue, where they stopped in the dark and took a drink from a bottle the negro carried. They proceeded from there to a Third Avenue saloon, closely followed by the citizen who overheard the negro talk. From the saloon Scott took Walters to a negro dive in the alley between Eighth and Ninth streets and Second and Third avenues, where a nickel was dropped in the plauo. Scott sat down on the old man's lap, and was just tipping his hand around to the old man's pocket, it is alleged, when the police burst into the room and took both to headquarters. Scott was locked up and Walters gave bond for his appearance this morning.

"Walters had flashed a check for a thousand dollars in the negro's sight while in Cattletsburg, where he had gone to purchase goods, and Scott got him here while drinking, under the belief that he still had the check on him. Walters had been too wise for that, and before leaving had placed the check with a friend to be deposited in the morning. He only had \$10 and some checks for small amounts in his pockets at the time.

"Walters is a highly educated man, speaking seven different languages fluently. He is a graduate of the University of Wisconsin and is an unusually brilliant old gentleman. At headquarters last night he discussed interesting topics of a widely varied character for some time."

Corn Growers' Associations.

Commissioner of Agriculture M. C. Rankin has announced the first list of places and dates at which Corn Growers' Associations will be organized in Kentucky within the next few weeks. The finest Boone county white seed corn to the amount of three bushels at each place where an Association is organized, will be distributed free by the Department of Agriculture. In the fall the corn growers will participate in a corn show, and prizes will be awarded for the best ears. The counties, towns and dates chosen for the organization of the Association are as follows:

Knott county, Hindman, April 2. Magoffin county, Salyersville, March 22. Boyd county, Cattletsburg, March 24. Martin county, Inez, March 26. Carter county, Grayson, April 8. Elliott county, Sandyhook, April 11. Greenup county, Greenup, March 29.

HEAVY PENALTIES

Inflicted on Liquor Sellers in Lawrence Circuit Court.

The called term of the Lawrence Circuit Court adjourned on Saturday last. As before stated the session was called for the purpose of trying some whiskey cases, 23 in number. Of these 12 were tried and various penalties inflicted. Bootleggers and sters of this genus are much concerned in this matter, and it is really predicted that one or two more sentences of fine and imprisonment will do lasting and salutary good.

The fines assessed approximate \$600. One man, Plena Skaggs, was fined nearly \$500 and given jail sentences aggregating about two years. The jury also specified that he should be placed at hard labor in the public highway.

Dave Williams was also fined and sentenced to jail with a hard labor penalty attached. Any man who thinks he can sell liquor in violation of law in Judge Hannah's district and escape punishment has very poor judgment. He will lose as much time serving out jail sentences that the business will not be profitable.

The NEWS acknowledges the reception of "The Highlander," the Rev. R. B. Neal's new Pikeville paper. "Opposing Saloonism, Mormonism, Sectarianism; advocating Prohibition, Truth and Primitive Christianity," its aim is to be good and to do good. We hope its aid will be accomplished.

Under sentence to the penitentiary for life, Beach Hargis, convicted of the murder of his father, Judge James Hargis, the Breathitt county feudist, was taken to the Frankfort penitentiary. Already in the penitentiary, and also serving a life sentence, is Curtis Jett, Hargis' first cousin.

Capitol proceedings have reached the pugilistic stage. A personal encounter between State Senator R. L. Hubble, of the Boyle, Lincoln and Garrard districts, and Edward W. Vernon Richardson, of the Danville Advocate, was narrowly avoided in the lobby of the Capitol Hotel. Hubble struck at Richardson with his fist but doorkeeper Joe Embury of the House knocked the blow up and the men were separated. The encounter followed charges that Richardson has been making in his paper that Hubble violated his pledge to his constituents in not supporting the county unit bill.

Credit to Congressman Langley.

The NEWS disagrees with the political views of Congressman Langley, but it believes in giving a Republican credit where credit is due, even if it is from it. Almost all of our readers are, of course, deeply interested in the continuance of the Big Sandy Improvement and will be glad to learn how an additional appropriation for the Lewis Fork was secured in the River and Harbor Bill which recently passed the House.

Congressman Langley prizes very highly the following note which was hurriedly written by Congressman Taylor, of Alabama, a Democratic member of the Committee and which he showed to one of Louisa's prominent young men who was recently a visitor at the Capitol.

"Dear Langley: The Committee passed the dam for Big Sandy. It gives me pleasure to say John Langley not only worked hard for this project, but received special consideration and a unanimous vote in testimony of the high regard entertained for him individually, without regard to politics or party. You are a lucky dog, but you deserve it. You certainly worked hard for the Big Sandy with your usual vigor and success.

With regards, etc.,
Yours very truly,
GEORGE W. TAYLOR.
February 12, 1910."

The fact that Congressman Langley has conducted himself in such a manner as to have the respect and confidence of the Democratic members of Congress has undoubtedly been of great service to him in working for his district. He is making a useful member of Congress because he is attending to the business of his constituents first and leaving politics to be looked after last.

EVER WATCHFUL.

A Little Care Will Save Many Louisa Readers Future Trouble.

Watch the kidney secretions.

See that they have the amber hue of health.

The discharges not excessive or infrequent.

Contain no "brick-dust like" sediment.

Doan's Kidney Pills will do this for you.

They watch the kidneys and cure them when they're sick.

G. E. Pigg, of Louisa, Ky., says:

"I cannot find words strong enough to express my thanks for the benefit Doan's Kidney Pills have brought me. For a number of years I suffered from kidney complaint and was unable to get relief. The kidney secretions were profuse and highly colored and the passages were attended by a scalding pain. My back ached, intensely and at times my suffering became so severe that I did not think I could endure it any longer. Doan's Kidney Pills went directly to the root of the trouble and removed every annoyance. I gladly give this remedy the praise it deserves."

(Statement given Jan. 27, 1908.)

Mr. Pigg was interviewed on June 21, 1908, and said: "During the time that has passed since I first used Doan's Kidney Pills, I have enjoyed good health and freedom from kidney complaint. I am always willing to recommend this excellent kidney remedy."

OBITUARY.

Ulrick Miller, of Bear Creek, died of a general breakdown and the infirmities of age. He was born in Switzerland November 1, 1834, and died Thursday, February 17, 1910, aged 76 years, 2 months and 16 days. He was united in marriage to Miss Elizabeth Michel in the year 1856, and to that union were born nine children—five boys and four girls; Charley and Fred Miller, who are merchants on Bear Creek, and Elsie Miller, a merchant in Boyd county, and Casper, who is in the West, and Mrs. Floyd Ogle, of Bear Creek, are among the sons and daughters of the deceased. Three of his children have already preceded their father to the better land.

Mr. Miller with his family came over to the United States in the year 1855 and located in the state of Pennsylvania for three years. In the year 1862 he and family came to Kentucky, where he spent the remainder of his life. Mr. Miller joined the Presbyterian Church at the age of 14, and after coming to the United States he joined the same church. But not long afterward he moved to Bear Creek, and he and his wife joined the M. E. Church and have been faithful and true members. He was also a member of the Independent Order of Odd Fellows, No. 230, for about 21 years.

When the end was drawing nigh with this venerable old man, the children were summoned to witness the last of their father. Among the last words spoken were to Charley, his son, who was by his bedside. He said, "Pa, I am so sorry for you." Then the father lifted his hands and laid his arms around his son's neck and said "Charley, I love you; I love you all so well. I'll soon be gone but I am trusting in God. Charley, remember that God is all in all," and then passed away quietly without a struggle.

He leaves a wife and six children and a number of grandchildren and a host of friends to mourn their loss. The funeral was preached at his home by Rev. A. H. Miller, President of the M. P. Kentucky Annual Conference. His text was found in 2nd Timothy, 4th chapter, 6th verse: "For I am now ready to be offered and the time of my departure is at hand." The funeral was largely attended by the order of Odd Fellows and friends. After the funeral the lodge proceeded to take charge of the body and marched to the family cemetery, and in the regular order laid the remains to rest and sleep until the resurrection morning.

OBITUARY.

Mrs. Louisa Holton Lemaster, wife of M. R. Lemaster, was born in Greasop county, Ky., 1852; married to M. R. Lemaster 1875; died March 5, 1910. She joined the Christian Church several years ago and lived a consistent Christian life until the 5th, when having finished her life's work, she went to live with Jesus. She was well known in this community. To know her was to love her.

Her sickness was long, but she seemed to be waiting for Christ to relieve her suffering and call her away. She bade her husband and children good-bye and asked them all to meet her in heaven. She told them she was going home. She was often heard singing "I shall know him." A place is vacant in that home that can never be filled. No one can take her place in the hearts of her friends. A husband and seven children survive her.

Funeral services were conducted by Rev. L. M. Copley at the Pleasant Ridge school house. After the service her body was borne away to the old Roberts graveyard, where the remains were tenderly laid beside those of relatives to await the resurrection.

One Doctor—Only One

No sense in running from one doctor to another! Select the best one, then stand by him. No sense either in trying this thing, that thing, for your cough. Carefully, deliberately select the best cough medicine, then take it. Stick to it. Ask your doctor about Ayer's Cherry Pectoral for throat and lung troubles. Sold for nearly seventy years. No alcohol in this cough medicine. J. C. Ayer Co., Lowell, Mass.

Why try this thing, that thing, for your constipation? Why not stick to the good old reliable family laxative—Ayer's Pills? Ask your doctor if he approves this advice.

SAVED A TRAIN.

12-Year-Old Boy Prevents Wreck of
Passenger Train at Fort Gay.

Mike Holt, a twelve-year-old boy
living near Fort Gay, probably pre-
vented the wreck of a Norfolk &
Western passenger train Tuesday
morning of this week. While walk-
ing along the track in the east end
of Fort Gay the little fellow noticed
that one of the rails was broken in
two. Realizing the danger to trains,
Mike started on a run for the sta-
tion and notified the agent. Fast
passenger train No. 3 was running
about six hours late and was due at
Fort Gay in about two minutes after
the notice was given to the agent.
By making a hard run the train was
flagged just in time to save it from
wreck. The train was heavily load-
ed with passengers.

The road master was on the train
and when told of the narrow es-
cape and how an accident was aver-
ted he went to the boy and talked
with him, tucking his name and in-
dicating that he would hear from
the officials of the road in a sub-
stantial manner.

The boy is a son of George Holt,
living near Fort Gay. That he is
a bright little fellow is evidenced
by this very thoughtful act.

ANOTHER OIL WELL

Will be Drilled on the O'Brien Farm
at Once.

Well No. 2 on the O'Brien farm
on Three Mile is to be started as
soon as possible. Contracts have
been let for doing the work and as
soon as the derrick or rig can be
constructed the drilling will begin.
This should be accomplished within
two or three weeks unless they
should be delayed in getting lum-
ber on the ground. Mr. Leidecker
will drill the well.

The location will be about 2000
feet down the creek below well No.
1, which will put it near Mr. O'-
Brien's residence.

Well No. 1 will not be pumped
any more until a pipe line is laid
into the field or some means of
transporting the product is pro-
vided.

Holcomb's Meetings.

Commenting upon the Holcomb
meeting in Paintsville a writer to
the Herald speaks as follows:

Mr. Holcomb's meeting has
strengthened every church in town.
Absolutely impartial and wholly free
from any taint of sectarianism he
magnified the church, and empha-
sized the importance of its work. In
his preaching there was no criticism
of the church, no faultfinding, but
the plain gospel truth which struck
at sin anywhere and everywhere.

As a result of the meeting every
church in town has taken on new
life. There were some 300 conver-
sions and reclamations, and I sup-
pose of that number at least 200
have joined the different churches
since the meeting. The effects of
the meeting touched the entire town,
a great number of the business and
professional men having been
brought into the church. Many of
us who have been praying for a
"better Paintsville" see in Mr. Hol-
comb's coming the hand of God in
answer to prayer, and we rejoice at
the dawn of a better era in religion
and morals among us.

Destructive Fire at Kenova.

There was quite a destructive fire
at Kenova Monday afternoon, which
resulted in the total destruction of
a large frame building which belong-
ed to the land company. The house-
wood, east of Fourteenth street,
south of the street car line, and was
known as the "pest" house. It was
a building of seventeen rooms and
was worth considerable. No one has
been found who was able to give
any cause for the fire, but it is not
thought to have been of incendiary
origin, as the time of day at which
the fire occurred would dissipate
such a theory.

COMMISSIONER'S SALE.

R. T. Burns and others, Pliffs.
vs.
W. H. Bartram.

Pursuant to a judgment of the Lawrence Circuit Court heretofore rendered in the action pending between R. T. Burns and others, plaintiffs, and W. H. Bartram, defendant, the undersigned Master Commissioner of the Lawrence Circuit Court will, on Monday the 21st day of March, 1910, being the first day of the regular term of the Lawrence County Court, at the front door of the Court House in Louisa, Lawrence County, Ky., offer for sale to the highest and best bidder the following tract or tracts of land, or so much thereof, as herein set out, as may be necessary to produce the amounts adjudged lien on said lands. The real estate therein adjudged to be sold first is bounded and described as follows, to-wit:

Being the real estate where W. H. Bartram now lives, situated on the creek, Lawrence County, Ky., bounded as follows: Beginning in the center of a small branch just below where W. H. Bartram lives, near a forked sycamore, then up said branch N. 22 W. 6 poles to a stake at the road leading across Tug river; N. 25 1/2 E. 3 poles to a stake in the bend of the lane; N. 16 W. 15 poles and 5 feet to a stake at the N. W. corner, the Widow Frazier's dower; N. 76 E. 11 poles to a stake at the back side of the orchard near a plum tree; then with the line of the aforesaid Widow Frazier's N. 12 1/2 E. 10 poles to a stake, about 4 feet from a post and rail fence; then leaving the line of the Widow Frazier's and crossing the bottom S. 84 W. 27 poles to a stake in the County road in the line of the whole tract; thence with same S. 18 1/2 E. 1 1/2 poles to a stake in the County road at a barn; S. 14 poles 11 feet to a post of a barn lot on the lot of the upper side of the County road; thence leaving said road and up a short lane with the line of W. D. Frazier's N. 75 1/2 W. 2 poles 13 feet to a post of the barn lot; S. 14 1/2 W. 3 poles to a stake at a small drain; thence leaving the line of the whole farm and up a hill S. 6 1/2 E. 11 poles to a mark on the cliff on the spur of the point; thence down the steep hill towards the river, S. 58 1/2 poles to a large stone on the bank of Tug river; thence down the same with the former line S. 36 1/2 E. 19 1/2 poles to the beginning, containing 4 acres 106.25 poles.

So much of the above will be sold as will produce the following amounts, the judgment of R. T. Burns for the payment of which he has a lien upon the above described property for \$233.96 with six per cent interest thereon from the 6th day of September, 1907, and his costs therein expended since return of the cause from the Court of Appeals, and the amount of the judgment lien of John F. Daniel upon same is the sum of \$73.00 with interest from July 30, 1890, until paid, and the further sum of \$669.73 with interest from August 20, 1890, until paid, and the further sum of \$151.30 with interest from October 5, 1893, until paid, and the further sum of \$96.60 with interest from November 29, 1893, until paid, and his costs herein expended.

In the event the above described property shall not produce upon sale thereof sufficient to pay the recoveries of said R. T. Burns and John F. Daniel, I will offer at the same time and place the following additional described tracts, or so much thereof as may be necessary to pay the aforesaid amounts, debt, interest and costs, to-wit:

The following described tract of land situated on creek in Lawrence County, Ky., bounded as follows: Beginning at a stake at the mouth of a drain called schoolhouse branch of Rockcastle Creek, Lawrence County, Ky., thence up a point N. 65 E. 16 poles to a small black oak on top of said point; N. 3 W. 41 poles to a small black oak on ridge and comes to Lindsey Maynard's line, and with same N. 40 W. 14 poles, N. 18 W. 20 poles, N. 72 W. 10 poles, N. 49 W. 28 poles to a small pine at the top of the hill; N. 35 W. 18 1/2 poles to two pines on top of a hill; N. 16 1/2 W. 36 poles to a large chestnut and small black oak and gum; S. 70 W. 30 1/2 poles to a hunch of chestnut sprouts; S. 88 W. 16 poles to the west end of a large rock in a gap; N. 72 W. 15 poles to a black oak on a ridge; N. 60 W. 10 poles to three small pines, near a knob; S. 5 W. 21 poles to a stake near a gap; S. 7 W. 31 poles to a hickory and red oak on a flat knob; S. 46 E. 20 poles to a stake; S. 27 1/2 E. 10 poles, S. 19 W. 14 poles, S. 11 1/2 E. 25 poles to a red oak; S. 28 1/2 E. 12 poles to a pine on a point; S. 63 E. 20, S. 86 1/2 E. 32 poles, S. 39 E. 15 poles, S. 55 E. 8 poles, N. 59 E. 30 poles to a stake to Rockcastle Creek; S. 60 E. 14 poles down said creek, S. 42 1/2 E. 48 poles to the beginning, containing 108 acres more or less. A Clean Man

Outside cleanliness is less than half the battle. A man may scrub himself a dozen times a day, and still be unclean. Good health means cleanliness not only outside, but inside. It means a clean stomach, clean bowels, clean blood, a clean liver, and new, clean, healthy tissues. The man who is clean in this way will look it and set it. He will work with energy and think clean, clear, healthy thoughts.

He will never be troubled with liver, lung, stomach or blood disorders. Dyspepsia and indigestion originate in unclean stomachs. Blood diseases are found where there is unclean blood. Consumption and bronchitis mean unclean lungs.

Dr. Pierce's Golden Medical Discovery

prevents these diseases. It makes a man's inside clean and healthy. It cleans the digestive organs, makes pure, clean blood, and cleans, healthy flesh.

It restores tone to the nervous system, and cures nervous exhaustion and prostration. It contains no alcohol or habit-forming drugs. Constipation is the most unclean uncleanliness. Dr. Pierce's Pleasant Pellets cure it. They never gripe. Easy to take as candy.

scribed as follows, to-wit: Beginning on two sugar trees and buckeye on south side of Cooksey fork of Catt. N. 74 W. 35 poles to a beech on the bench of a hill, S. 30 W. 52 poles to a white . . . on the south side of hill, S. 69 W. 16 poles to a stone near the creek at Cecil Walter's line, crossing the creek and with the dividing line between Shad Chaffin and Cecil Walter's to a rock N. 52 1/2 E. 15 1/2 to a small dogwood on the bench; N. 58 E. 12 poles to a small white oak, ash and buckeye, near a small drain; N. 8 W. 36 poles to a small chestnut and two black oaks in the bench of the hill, N. 26 E. 65 poles to the beginning; supposed to contain 17 1/2 acres.

TERMS: Sale will be made upon a credit of six months, purchaser to execute his bond payable to plaintiff, to be approved by the Commissioner and with lien retained on the property so sold to secure the payment of the purchase money until paid in full.

NEWS OF THE FARM.

The Poultry Yard.

Do you keep your chickens or do they keep you?

Good warm wheat makes a nice breakfast for the hiddies.

Skin-milk is thin looking stuff, but it may be put to good use in the poultry yard.

A little more clean litter on the floors. Keep the fowls hard at work. It is the price of health.

In poultry raising the breed is important, but the man or woman behind the breed is more so.

Chickens that lay around almost anywhere sometimes are merely emulating their betters.

The man who keeps hens is not so much of a philosopher as the man who has the hens keep him.

For hatching purposes take the eggs from the hens that lay best. Build up; never let the standard down.

A shelf, a couple of feet below the roosts, is handy to catch the droppings, and handy to clean. And don't forget to clean it.

Excelsior always seemed to me rather cold stuff to make nests of. Good fine, clean oat straw is about the best of anything that we ever tried.

As a rule, eggs from two-year-old hens give better satisfaction at this time of the year than when from younger stock, and the chicks are more vigorous.

The eggs of hens that did heavy laying during the winter are not so apt to be as strongly fertilized, as eggs from hens that made but a fair showing.

The last egg laid before a hen goes to sitting will often be so small that it will have no yolk at all. There is an old notion that it is bad luck to bring these small eggs in the house.

A nest that suits the turkey hen first-rate may be made by turning a salt barrel on the side. Put straw in the hollow, and a nest egg, and cover the barrel over with brush. If you have it handy.

One of my neighbors says that there's no money in poultry, and that the easiest way to get eggs is to buy them. He says that he keeps chickens to eat a cent a bug, is there a place under some old building where you can spread up the earth and give it to the hens to work at? They will dig away hard to find the worms that may be in it. Nothing will do them more good.

When a hen lays now and then, and not soon again, and you can't decide whether she hadn't better quit altogether, tell her what to do: Why, just ax her to, and neither in box nor in keg will she ever lay another egg.

Especially in early hatches, care should be taken not to set a hen until she is thoroughly broody. It does not take much experience to know when a hen is really broody. She will be very fussy when approached, and hug close to the nest when the hand is placed under her. March settings should not contain more than eleven eggs, for when a larger number is given the hen can not sufficiently cover them to impart the necessary warmth. When too many eggs are placed in the nest, those on the outer edge are not apt to get the amount of heat required to develop the germ and bring forth the chick.

Any system of feeding is expensive if the hens do not lay, and the greater the number of non-producers the greater the cost of every egg produced. Improper feeding or overfeeding may be the cause of a flock yielding only half of what it should. It will be found that the surest course of feeding is to follow as nearly as possible along the line of nature, and this means variety in such a way as to compel exercise.

From March Farm Journal.

Poultry Manure.

The following summary on the preservation and value of poultry manure is from F. W. Morse, of the New Hampshire Experiment Station:

As is well known, when the poultry droppings accumulate under the roosts and when they are left in barrels there is a strong odor of ammonia noticeable. The development of such an odor is a sure sign that gaseous ammonia is escaping into the air to be lost for the present. How to prevent such a loss is to prevent the development of the odor. Several chemicals of more or less fertilizing value in themselves may be added to the droppings from time to time with good effect, but in stopping waste and in making the atmosphere of the henhouse more wholesome.

The best materials for this purpose are gypsum or land plaster, acid phosphate, and kailit, a cheap potash salt. Each of these chemicals has the power of forming new compounds with the ammonia, as fast as it is set free from the original combination. Wood ashes and slaked lime should never be used, because they cannot combine with ammonia while they do force it out of its compounds and take its place.

Plaster is apt to produce a dry, lumpy mixture when used in large enough quantities to arrest the ammonia, while kailit and acid phosphate produce the opposite effect of a moist, sticky mass.

In Bulletin 85 of the Maine Experiment Station is described an experiment in which sawdust was used in addition to the chemicals. By this addition of an absorbent, the kailit and acid phosphate could then be used with excellent results.

Using their results as a basis for calculation, that weekly droppings of a flock of twenty-five hens, when scraped from the roosting platforms, should be mixed with about eight pounds of kailit or acid phosphate and a half peck of sawdust. If one desires a balanced fertilizer for corn and other food crops, a mixture of equal parts of kailit and acid phosphate could be used instead of either alone.

Good dry meadow muck, or peat, would be equally as good as sawdust, if not better, to use as an absorbent.

In the experiment mentioned more than half of the ammonia was lost in hen manure without chemicals, when compared with that which had been mixed with them.

Fresh poultry manure, at the present values of fertilizers, would be worth 60 cents per hundred pounds. Figures from different experiment stations would give the product of twenty-five hens for the winter season of six months as 375 pounds from the roost droppings only.

Poultry manure is especially adapted as a top dressing for grass because of its high content of nitrogen in the form of ammonia compounds, which are nearly as quick in their effect as nitrate of soda. A ton of the manure preserved with sawdust and chemicals would be sufficient for an acre, when compared with a chemical formula for top dressing.

On the same basis of comparison, 100 fowls running at large on an acre should in a summer season of six months have added to its fertility the equivalent of at least 500 pounds of sulphate ammonia, 100 pounds of high-grade acid phosphate and 60 pounds of kailit.

Unattractive Homes.

Winter has especial temptations in the fact that many homes are peculiarly unattractive at this season. In the summer months the young man can sit out on the steps, or he can have a bouquet in the vase on the mantel, or the evenings being so short, soon after daylight he wants to retire anyhow. But there are many parents who do not understand how to make the long winter evenings attractive to their children. It is amazing to us that so many old people do not understand young people. To hear some of these parents talk you would think they had never themselves been young and had been born with spectacles on. Oh, it is dolorous or young people to sit in the house from 7 to 11 o'clock at night and to hear parents groan about their ailments and the nothingness of this world! How dare you talk such blasphemy? It took God six days to make this world, and he has allowed 6,000 years to hang upon his holy heart, and this world has shone on you and blessed you and caressed you for these fifty or seventy years, and yet you dare talk about the nothingness of this world! Why, it is a magnificent world. We do not believe in the whole universe there is a world equal to it except it be heaven. You cannot expect your children to stay in the house these long winter evenings to hear you denounce this star lighted, sun strewn, angel watched, God inhabited planet.

Oh, make your home bright! Bring in the violin or the picture. It does not require a great salary or a big house, or chased silver, or gorgeous upholstery to make a happy home. All that is wanted is a father's heart, a mother's heart, in sympathy with young folks.

Verily the mother is the angel spirit of home. Her tender yearnings over the cradle of her infant babe, her guardian care of the child and youth, and her companionship with the man of her love and choice make her the personal center of the interest, the hopes and the happiness of the family. Her love never cools, never tires, never sleeps but ever glows and burns with increasing ardor and with sweet and holy incense upon the altar of home devotion. Even when she is gone to her last rest a sainted mother in heaven is always a mightier influence over her wayward husband or child, than when she was present. Her departed spirit still hovers over the home and draws the family by unseen cords to herself in heaven.

The great want of this world is men; men who are honest, sound from center to circumference, true to heart's core; men who will condemn wrong in friend or foe, in themselves as well as others; men whose consciences are as steady as the needle to the pole; men who stand for the right if the heavens totter and the earth falls; men that never flag nor flinch; men that have courage without shouting; men in whom the currents of everlasting life run still, deep and strong; men who do not cry or spoil their voices to be heard on the streets but who will not fall or be discouraged till judgment be set on the earth; men who will not let men who are not too lazy to work nor too proud to be poor; men who hold their places and keep them; men who are willing to out what they have paid for.

Suppose you are given to the habit of profanity. You enter into conversation with a man who never swears, or in other words, a gentleman. By and by you begin to see that he is the superior man. Your own remarks have a tame, flat feeble sound to your ears. Your cheeks begin to burn with a sense of your friend's excellence. Your part little drama sounds coarse and drop out of your sentences, ashamed to remain in the company of good, honest, English words, until you discover that you are carrying on part of the conversation without swearing you feel easier, your intellectual stature increases by a foot.

Independent in Reality.

Women may train their daughters in all the ways they imagine to be pleasing to men; they may teach them to wriggle and squirm and reel in their waists and roll their eyes and lip out insipid nothings between carnal-stained lips, and yet the men will desert them to flock about the girl who is fully and completely independent of them, and who cares very little whether they fall in love with her or not. It is natural for men to want what they cannot get too easily and too cheaply.

The more you eat

Practical experiments with athletes show Quaker Oats to be the greatest strength maker.

men cheapen themselves who thus "stoop to conquer." But no girl can affect independence. She must be independent in reality. And in order to be so if she has no fortune in her own right she must have an occupation that renders her self-sustaining. Now, girls, consider this fact. The day of uselessness is nearly past. Young men are not going to gobble you up for wives on the strength of any looks or manners you may possess. Some of them are fools enough to do it, but they can not afford it. The pressure of the line is inexorable. Use, use, use is its constant demand.

If there is anything we desire above all other things, it is to be broadminded and liberal. We have no use for prejudices and narrowness, he it in one party or another. This is a good world to live in, but it can be made a great deal better. We believe that human nature is naturally good; and that sooner or later it will throw off the selfishness that is the cause of the misery of the down trodden. We believe in the religion of humanity, in the brotherhood of the race. No man owns a muzzle for us. We are poor as Job's turkey, probably always will be but we are rich in one thing—the independence to speak our honest thought. No man stays very long in this world; and he should try and make it better for having lived in it. In the long run it will yield more happiness than any other course. There is no better friend can attend a man at his death than the consciousness that he has tried to do right. These may be old fashioned ideas, but they are good enough for us.

IN MEMORY.

Death entered the home of Matthew Lemaster the 5th of March, and claimed for its victim the loving wife. She was born June 26, 1855, aged, 54 years, 9 months and 20 days.

The funeral was conducted by Rev. C. M. Copley. She belonged to the Christian Church for years. She said she was going to heaven. She invited all her friends to meet her in heaven. The only consolation that is vouchsafed them is the sweet realization of the fact that their beloved one is at rest. The one whom they have lavished their affection upon is now in the land where the weary are at rest, whose pains are all over.

She was blessed with a voice until her last breath, and wanted her children around her till she had to leave them.

Weep not, dear children, as those that have no hope and be faithful, or it will only be a short time until you, too, will cross the dark river and join with mother, where parting will be no more.

"Aunt" Lou was loved by all who knew her. Her maiden name was Louisa Hotten. Her sickness was long, but she seemed to have been in a state of readiness. She had sweet communion with Jesus and met loved ones who were waiting to welcome her home to rest in the kingdom of God; who will in his own time call his children to meet in that land where there will be no death. A husband and seven children, Anna, Rosa, Minnie, Oia, Eva, Johnny and Charlie, are left to mourn the loss of their mother.

The body was taken to Pleasant Ridge for burial. M. R.

OSIE.

There are yet among us several sick folks, but all seem to be improving.

Miss Effie Jobe, after several days of faithful attendance at the bedside of her sick mother, has returned to Riverview hospital.

H. C. Hicks, of Hicksville, was visiting his sister, Mrs. Elizabeth Jobe, who is very ill.

Wm. Marcum and wife, of Davy, W. Va., are visiting friends and relatives on Twin Branch.

Squire Hughes held a special term of court at Marvin last Saturday. Attys Riffe, Perkins and Jobe were present. One case of some interest, that of Roy Jordan, plaintiff, vs. John Blankenship, defendant, was tried.

Court continued till next Saturday, same place, for the purpose of trial in case of John Evans vs. Thomas Large.

Osie and Twin Branch communities seem to be fast coming to the front, since we have for convenience a magistrate's office equipped with telephone; two stores; postoffice, daily mail; a grist mill, saw mill, law office, and last but not least a Sunday School and spirited people.

Rev. J. Milt Hicks, formerly of this county, but now of Netty, W. Va., reports a great success in his field of labor the past winter.

Silas Jobe, while clearing away the forest, accidentally cut his leg and is disabled for labor for several days.

Miss Lizzie Jobe will, in the near future, leave for Marytown, W. Va., where she will make her future home.

Our farmers think their wheat is damaged greatly by the many freezes the past winter.

John Hughes is preparing to raise four acres of tobacco.

The contest for the office of Sheriff brought by John J. Pace against Robert Reed, was decided by Judge Gardner February 22nd. Judge Gardner decided that Reed was the duly elected Sheriff, and gave judgment against Pace for the costs of the action. Robert Reed was one of the three Democrats elected to county office at the last November election, his majority being 146, and Pace brought suit contesting the election on the ground of an illegal election. The case was hotly fought on each side, but the depositions of all the officers of elections showed conclusively that it was one of the fairest elections ever held in Magoffin county. Reed took the oath of office and filled bond on the first Monday in January and has been making a good and efficient officer.—Salyersville Leader.

Monday is the day provided by law for the Johnson Circuit Court to convene, but whether the court will convene and if it does convene whether it will last for more than a day or so is the question that is now puzzling the officers, attorneys and litigants. The doubt thus established is due to the fact that there is now pending in the Kentucky Legislature a bill changing the time for holding Circuit Court here from March to April. There is an emergency clause attached to the measure and if it becomes a law before the court convenes there will be no court now, and if it becomes a law after the court convenes it will be necessary to adjourn until April. The question is far from being settled, as before the measure becomes effective it must pass the Senate and be signed by the Governor.

If Circuit Court convenes Monday there will be much work to be done as the dockets are full. There are 118 equity cases, 43 ordinary actions and 253 Commonwealth's cases 32 of which are felonies.

We understand that Judge A. J. Kirk contemplates changing his residence from Paintsville to Pikeville, where, on account of the great amount of court work to be done in Pike county, he is kept a major portion of his time. He is thinking of the change that he may be able to spend more time with his family. The people of Paintsville will regret to lose so good and influential a citizen as Judge Kirk, as they will also regret the removal of his estimable family.

Leck Whitt, who was convicted at the last June term of the Magoffin Circuit Court for "deborning" saw logs and sentenced for one year in the penitentiary, has been pardoned by Gov. Willson and has returned home.

Must Stay in Pen.

The Court of Appeals has affirmed the judgment of the Magoffin Circuit Court in the case of the Commonwealth vs. Camillus Arnett. Arnett was given 12 years in the penitentiary for conspiring with Sam Arnett to murder George Anderson.

Arnett was indicted and tried at the October term of Circuit Court 1909, and sentenced to the penitentiary for 12 years, for the killing of George Anderson, at Hendricks, early in the spring of 1909. Anderson was in difficulty with Sam Arnett and was striking him with a single tree, having knocked him down with it and young Arnett, who had come to the store with Sam Arnett, drew his pistol and shot Anderson in the abdomen and after he fired the first shot, Anderson turned on young Arnett, striking him with the single tree and chased him out of the store, down the road about thirty yards, catching him, and while they were clutched young Arnett shot him twice, one ball entering his face just under the left eye, and the other striking his left ear, when Anderson fell dead.

Arnett is a son of Ben F. Arnett who is a prominent and well-to-do man. Sam Arnett was indicted with young Arnett and his case continued, pending the decision of the Appellate Court.

A number of families from Magoffin county passed through here Tuesday en route to the State of Washington where they expect to make their future home. They were joined here by Sherman Powers and family, who will likewise seek a change of climate and conditions. Generally speaking these western trips are not profitable, as in most instances the departed ones, like the old cat, insist on returning home. Only yesterday an ardent friend of the Rev. Marion Castle, who is temporarily located in Washington, much against his will, made a canvass of the town raising funds sufficient to restore the reverend gentleman to his native heath. It may

he alright to go but it would not be a bad idea for those going to reserve the price of a return ticket, for as matters now stand the people in this section have been pretty well drained in assisting in the return of their fool-hardy brethren, who went west to grow up with the country and grew homesick.

What may possibly result in a case of mistaken identity is the arrest of a young man at Van Lear, Saturday night, whom the officers allege to be Will Edwards, wanted in Mingo county, West Virginia, for the murder of a railroad. Deputy Sheriff Casebolt, of Williamson, came here Saturday night and proceeded to Van Lear and placed the young man, whom he claims is Edwards, under arrest. The young man claims he is not Edwards but Tom Hampton, and that his home is on Abbott Creek, in Floyd county. He was taken by Casebolt to several people, some of whom say he is Edwards while others claim he is Tom Hampton. Will Edwards, the man wanted, is a son of Levi Edwards, the horse jockey, and formerly lived in this section, where he is well known to the people of Floyd, Johnson and Magoffin counties. He moved to West Virginia a few years ago where his son obtained employment with the Norfolk & Western Railroad Company. During a dispute over a trivial matter Edwards was thrown to the ground and was being badly beaten when he cut the throat of his antagonist. Edwards fled the country and the officers have been on his trail ever since. A few days ago a West Virginia miner who worked for a few days at Van Lear and was conversant with the murder committed by Edwards, returned to Williamson and notified the Sheriff that Edwards was at Van Lear and the arrest of the young man followed. The prisoner is sanguine of success in his efforts to show that he is not the man wanted. He waived all rights and accompanied the Sheriff to Williamson, leaving for that place Sunday morning.

Are Drugs Necessary? Do Drugs Cure Disease? Can Nature be Assisted?

If people were born right and afterwards lived right, there would be no need for medicine. Every doctor knows this. So do other well-informed people. One thing more. When a person lives wrongly, or acquires bodily weakness by heredity, medicine can do only very little. Medicine cannot cure him. Only charlatans claim that medicine will cure disease. Medicine may palliate symptoms. Medicine may urge the powers of Nature to resist disease. Medicine sometimes arouse the efforts of the human body to right itself against derangements. This is the most that medicine can do.

A man accidentally puts his finger in the fire. Instinctively he wets his finger in his mouth, then blows on it for the cooling effect. This is no cure. He knows it very well. But it makes it feel better for the time being.

People eat unwisely. This produces dyspepsia or indigestion. The only rational cure is to eat correctly. Yet if a palliative is at hand the pains of indigestion can be mitigated, the throes of dyspepsia assuaged. The medicine cannot be said to have cured. It simply palliates disagreeable symptoms. The cure must come through right living.

Take Peruna, for instance. No one claims Peruna is a cure for dyspepsia. But Peruna will stimulate the stomach to perform its function properly. Peruna will increase the flow of digestive fluids, without which digestion cannot be carried on at all. It will increase the relish of food, the appetite.

It is admitted that all this can be accomplished by right living, but there are so many people who either will not or do not know how to eat correctly that a tremendous amount of good can be done by the wise use of Peruna.

A stomach that has been frequently abused performs the function of digestion very easily. Such a stomach allows the food to remain undigested for some time after it is swallowed. This leads to fermentation of the food. Sour stomach is the result. This goes on week after week, until the blood is poisoned with the products of fermentation. This condition is very apt to produce rheumatism.

It is not claimed that Peruna will cure rheumatism. Nothing will cure rheumatism but correct living. But it is claimed that Peruna will assist a badly abused stomach to perform its work.

Peruna Almanac for 1910.

If a person would correct his habits, persist in right eating and temperate ways, undoubtedly the stomach would right itself, the blood would rid itself of the poison, and everything would be right. But as said before there are a multitude of people who will not or cannot adopt right methods of living. To such people Peruna is a boon. A dose before meals will assist the stomach to do its work. This prevents fermentation of the food, brings about normal digestion, and all the train of ills that follow indigestion disappear.

In other words, Peruna is helpful to those who live badly, or those who have acquired some chronic weakness. Peruna does not cure, but it assists the powers of Nature to bring about a cure.

The whip does not increase the power of the horse to pull a load, but judiciously used it stimulates the horse to use his powers at the right time, without which he could not have pulled the load.

This illustrates the effect of Peruna, or any other good remedy upon the system. Taken at the right time, it calls forth the powers of the human system to meet the on-coming attacks of disease, and thus cuts short, if not entirely cures, the diseased action.

No one should ever attempt to substitute medicine in the place of right living. In the end such an attempt will prove a disaster. But an occasional use of the right medicine at the right time is a godsend, and no reasonable person will undertake to deny it.

Those who know how to use Peruna find it of untold value. By and by the world will get wise enough so that through correct living no medicines at all will be needed. But that time has not arrived. In the meantime, while the world is approaching that perfection in which all medicine will be eliminated, Peruna is a handy remedy to have in the home.

Slight derangements of the stomach; slight catarrhal attacks of the liver, the throat, bronchial tubes, lungs or bowels; these attacks are sure to lead to grave diseases, and can be averted by the judicious use of Peruna.

Wouldn't you like to read a few unsolicited testimonials from people who have used Peruna, and who stand ready to confirm the above statements concerning it. If so, address the Peruna Drug Manufacturing Co., Columbus, Ohio, and we will send some prepaid.

SUP. KY.

Clark Fairchild, of this place, has a block of wood cut from a beech tree with the name of John Fox, April 17, 1777, and a hand pointing in a certain direction, and says 500 yards. There have been other marks found on beech trees in the same branch. The people here have always believed there was some kind of valuable ore here. The old people say there were signs of a blacksmith shop about 500 yards from this tree when the first settlers came to this country. It is hoped that our mountain country will be the richest country in the world.

ARE INVARIABLY POINTS IN WHICH THE UNDERWOOD IS THE RECOGNIZED SUPERIOR.

It originated Visible Writing—it first introduced Built-in-Tabulators and Modern Bookkeeping Appliances. In all of these important improvements, other standard makes have gradually fallen into line. The business public, however, prefers the machine that has led the way, because it stands to reason that it is always far ahead of the "Trallars." Let us show you the points of difference between the UNDERWOOD and its imitators and you will understand why it is "The Machine You Will Eventually Buy."
